Damon Sanders, 18, was arrested on Thursday, August 15. He was charged with two counts of Theft and one count of Obtaining Goods by False Pretenses. Officers said Sanders entered the Walmart without a shopping cart and when the clerk checked on him, he left the store with 18 bottles of hand sanitizer in a shopping bag. He is suspected to have entered the store once or twice before, according to investigators. According to police, the incident at the store was similar to a prior incident at the same location. "He was seen on video surveillance along with the other individual going into the aisle of the store," said Special Agent Chad Young, with the Alabama Bureau of Investigations. "In that particular case, the suspect was able to enter the store while the victim was there. And he was able to steal some hand sanitizer and make his getaway." According to Young, the suspect in the case is being investigated for about 13 other cases of theft and fraud. He is also being investigated for theft and fraud charges in Williamson County, according to authorities. It is not yet known if there is any connection between the two cases. Young said the suspect is likely a habitual thief and is being investigated for multiple other charges. "In fact, we believe this is his third crime on that particular day," Young said. Sanders was also being investigated for an attempted armed robbery at a Dollar General in Mount Juliet.Geometrical orientation of intermediate state acetylcholinesterase.
