Excel XLS To XLSX Converter Software Crack + Free Registration Code Free For PC

Excel XLS To XLSX Converter Software is a simple and effective application that was designed to help you turn old Excel workbooks into the newer format, so you can use them in the latest version of Microsoft Office or other similar programs. Clear-cut and practical appearance The tool features a fairly basic and to-the-point user interface, for which reason one may deduce that it addresses primarily novices and does not wish to confuse you by overloading the GUI with too many options. The main window of Excel XLS To XLSX Converter Software lets you load the documents that you wish to process, either one at a time or an entire directory in one go, as it supports batch operations. Convert XLS spreadsheets to XLSX format The utility requires you to have Excel installed on the host system in order to function properly, and while this Microsoft component does feature a method of transforming XLS files to XLSX, some might find it too tedious to process one item at a time and would rather use Excel XLS To XLSX Converter Software. To get things started, you can load your spreadsheets into the program; you can drag and drop them over the main window or you can browse through your system, select the source files and open them in the application. Optionally, you can modify the destination folder, as the default save location is your desktop. Since there are no other configuration options for you to adjust, you can simply click on 'Start Converting to XLSX' and within moments, a popup window will inform you that the process is 'Done'. A straightforward XLS to XLSX bulk conversion instrument In short, Excel XLS To XLSX Converter Software is a handy tool that can quickly and effortlessly turn XLS documents to the newer spreadsheet format, saving you valuable time and effort in the process. Download Excel XLS To XLSX Converter Software Download Excel XLS To XLSX Converter Software Tera Bridge is the most powerful and popular instant messenger for Windows that supports many features like voice and video call, audio, text, file transfer, and etc. This application can share your desktop to someone instantly. The user can view the source and destination computer as well as chat with many online users at the same time. This online instant messenger is free to use and doesn't require registration. This application offers both the lightweight and the full versions of
