This means that after installation, for example, in the BIOS (UEFI) or in the Linux environment, the system will be ready to boot into the Android OS. In particular, it does not require any effort or special settings. After downloading Android, you get all the features and programs. But that doesn't mean you can run apps that only worked on the phone. If you want to remove the Android system on your PC, there are several ways you can do it.
