Among the many highlights of the FIFA 22 Open Beta that takes place now and runs for a week, six players will be chosen from those in the EA Sports FIFA Open Beta Tournament and sent on an exclusive trip to the Official FIFA World Cup 2014™ Squad Training Camps in Brazil. There, they will train with the world's best international teams and players as they prepare for the FIFA World Cup Finals. The FIFA World Cup is one of the most popular sporting events on the planet and FIFA World Cup 2014 offers a once-in-a-lifetime opportunity for fans to be there in the same stadium as the world's greatest footballers – past, present and future – as they take on the world. We're pleased to announce that six players from the FIFA World Cup Open Beta will experience the journey of a lifetime. We'll reveal them all in FIFA World Cup 2014. We're looking forward to welcoming these players in Brazil: \_ Adil Nabi, midfielder, Bursaspor \_ Lorenzo Rosell, midfielder, Villarreal \_ Thomas Müller, forward, Bayern München \_ Sebastian Giovinco, forward, Toronto FC \_ Mario Götze, midfielder, Bayern München Thanks for joining us for FIFA World Cup 2014! We're looking forward to showing you a little bit of what's in store for the World Cup. How to enter: \_ Open the official World Cup main menu and pick "Events." \_ Find "World Cup 2014 Squad Training" and click on it. \_ Complete "The Journey of a Lifetime" to earn the most coins. For a full list of events, compete in the Open Beta and earn coins during the World Cup, [click here](#). Good luck. EA SPORTS .3d 591, 612 (5th Cir.2008), but stated that an erroneous instruction on reasonable doubt might constitute a due process violation. Thus, the word "unreasonable" was not inserted and the instruction was complete. The district court also included a requested instruction defining "higher standard of proof," but that portion of the instruction was not objected to at

FIFA Ultimate Team is the heart of the game. Build the ultimate team by collecting and developing players from around the world. Each player has unique attributes that affect their game. For example, a power forward can play better with a target man. A wide midfielder can work better with a fast attacking midfielder. Make your team chemistry work to the fullest. Create dream teams from the best possible player combinations. Train and compete against your friends in the new online team competitions.

**Matchday Engine** – The new Matchday Engine brings dynamic action and improved player intelligence. The engine will automatically adjust to whichever game mode you're playing and can react to your strategy in real time. This means that every minute of your match matters, making it the most exciting and authentic matchday experience in the franchise.

**The Double XP Weekend** – From Friday, January 24, to Monday, January 27, we will be running the first-ever Double XP Weekend in FIFA. Highlighted by the FIFA 22 January FIFA 18 Tournament, this weekend will feature more than 1,400 players competing in over 800 matches. Each match will be one for two teams made up of the 20 players with the most points and 20 from the tournament.

**Multi-camera gameplay** – Prove to the world that no gamer is an island with a new all-new 2.5D character movement engine. This is the deepest and most realistic soccer game, ever.

**New Player Movement** – New Player movement will mean a whole new level of realism and immersion. Every single player will be updated to move more naturally through the world in ways they never have before.

**New Transfer System** – As part of the new Player Movement system, every player will now have unique personality traits. Players will now both run and make choices on the pitch that will impact your game, as well as how you play. It will offer an unprecedented level of realism and immersion.

**New Formation System** – Finally the entire formation system will be overhauled and reworked to feel more believable, especially with all new animations.

**New Player Traits** – Player personality traits will have a significant impact on how the player plays, what kind of emotions they show, and how they impact your team.

**New Commentary Engine**

---

– Enjoy new commentary from some of the best in the business as you experience the game up-close, right in the back of your team. You'll now get first hand, in-game views of commentary.

## **What's new:**

- **For the first time in the history of the game, you'll have the ability to set your player style directly from the virtual pitch.**
- **Make the virtual pitch your canvas with one of four new player kits, a goalkeeper and giving you full control over the look of each player to create your ideal football team (new kits feature four new player faces).**
- **Customise the way you play by setting your favourites in the four tactical areas of 3-4-3 and 4-2-3-1 and adaptability in the advanced tactic maker.**
- **Refine your game further by adapting over 120 different situational tactics and, for the very first time, match the pitches you see in real life directly in the game - detailed white lines are visible from the screen using new FIFA Pitch Technology that has never been possible before.**
- **Take charge of the match with the most realistic team and manager AI on the market and make more tactical decisions than ever in game, with the ability to react to player behaviour and formations displayed on the pitch with an aggressive adjustment.**
- **Take full control of your team in the most advanced build and skin creator in the history of football. Now you have the tools to help guide**
