The term "CAD" is an abbreviation for "computer-aided design". Most CAD programs are intended to facilitate the process of designing and drafting various engineering and architectural objects on a computer screen. Although CAD is generally a broad term, CAD for architecture is usually referred to as CAD/CAM (computer-aided manufacturing). Some CAD programs are used in engineering design, scientific analysis, and architecture. AutoCAD is one of the most popular commercial CAD programs, and is popular among architects, engineers, and drafters. The AutoCAD software is sold through Autodesk's Web site. A range of options are available, including AutoCAD LT, AutoCAD Standard, AutoCAD Professional, AutoCAD Architecture, and others. (DON EMMERT/AFP/Getty Images) Republican Primary Voters Want a Gay Man to Be the Next New York City Mayor A recent survey has uncovered that some American voters want the Republican Party to nominate a gay man to be the next New York City

mayor, and not a “Manly Man” like Rudy Giuliani or a woman like Mary Pat Christie. A new survey by the Gay and Lesbian Alliance Against Defamation (GLAAD) and Hart Research Associates found that in New York City, only 27 percent of likely Republican primary voters believe that a gay man should be their party’s next mayor. The survey also revealed that 38 percent of likely Republican primary voters do not believe that it is acceptable for a gay man to be the party’s nominee, and that of these voters, 23 percent do not think that gay men should be allowed to serve in public office. With gay rights as a top issue, Democrat Michael Bloomberg and Republican rival Joe Lhota, the former deputy ca3bfb1094
