HRX 400 FX Breakdown An In-Depth Look at the HRX400 with the Expert Video Production Blog - tcooke.ca A look at the HRX 400 VFX Editor Posted on August 13, 2017 at 10:07 PM The HRX 400 is an audio-visual version of the popular HRX 200 series of video production editors used in the creation of broadcast quality live feeds and dailies. The HRX 400 combines the powerful DAW and audio tools of the HRX 200 in a smaller, lighter, easier to use package. While the HRX 400 provides a user-friendly experience, it has all of the features and power of the popular HRX 200 series. If you want an overview of the HRX 400, read on. If you just want to dive straight into the field tools, read on, too. If you want in-depth, technical details, look elsewhere. Benefits of the HRX 400 The HRX 400 offers many advantages over using the HRX 200 in editing dailies or live feeds. • Smaller and lighter. The HRX 400 is smaller than the HRX 200 at 61 liters versus 110. It is also 17 pounds lighter than the HRX 200 at 100 pounds. • Less expensive and easier to transport. The HRX 400 has a (typically) 12 hour battery life, making it easier to travel with. • Simple, intuitive control. When you connect the HRX 400 to an LCD projector, the monitor acts as a simple operator's panel for the image and audio controls. The HRX 400 has many other advantages in its quest to fill the needs of live broadcasters. Here are a few of the most important. • The HRX 400 is a complete and powerful video editing tool, but the focus is on creating great live broadcasts. It does not include very much in the way of features that are primarily oriented around setting up and managing shows. • The user interface of the HRX 400 is small, powerful and intuitive. It has been designed specifically to be used in a professional environment with little or no training. It also includes a lot of features that make it suitable to use as a daily driver. • The HRX 400 includes all of the features of the HDX 200 series in a smaller and more affordable package. New Features in the HRX 400 The HRX 400 is a year-old system and its
