Been loading your character for the last hour to get this DLC and I'm at the loading screen and haven't moved an inch! Is it normal for it to take so long to load? Any ideas on the loading time? It's been about 20 minutes to load it now with no movement at all on my Windows 10 PC. It did load when I first started it a few days ago, but I didn't have any of the missions available at the time and was not able to go past the loading screen. I have since then fixed the missions and gotten back into this game and am now going to try and get the Dawn of the Dead DLC and will post my thoughts on that. Hey so I downloaded this, and started
