
Nudist Moppets Magazine

Nudist Moppets The image of innocence that, I could only glimpse, was that of my own childhood. My son, when his friends took advantage of him, is not losing his innocence.. like me, he is uncovering the attraction. I was nude as a child. The garden was my living room. We all, every day, performed something, for example, a dance for my dad. We were laughing, we were happy.. and that was when your lack of innocence was exposed for you " the first time. That innocence.. A baby grows, develops. When he is " eight years old, he " is naked. At that time, he has already seen all of his childhood. There are many organizations that allow you to obtain this kind of service, but all at the same time, for profit. And they have pushed a big sex industry and the internet. I was in connection with some organizations to acquire this service and I was told that, like most people, people of the sex industry and the internet, I will not pay for this. Therefore, the way to solve this problem is to eliminate the profit motivation. But it takes courage and a huge network. Only women will carry this point of view. It will take lots of men to be aware that they will most certainly be
