... -V111204rar August 17, 2563 BC and still.
This is the time when people have been for over
40 years and for a few more minutes. Since the
beginning of this century, technology and
progress have enabled people to do and have
many things all over the world. In this book, you
will find the stories of several people who have
witnessed some of the biggest and most
unexpected events that have taken place in the
last 40 years. This is a book for those who want
to see how technology is changing
