This is a great application that I use everyday. I have it on my desktop and laptop computers. Pros 1. Very easy to install 2. Free 3. Fast performance Cons 1. All images appear without a filter 2. Gets stuck Posted 11/13/2013 by cjuggler 2 of 5 people found this review helpful Overall: Performance: Quality: Design: The free version of this program does not contain advanced image search functionality. I prefer the paid version, which includes many more features that the free version lacks. The design of the free version is very basic and has many broken links. The paid version has great design.
