Q: Why is this array assignment not working? Why is this not working in Ruby? integer = [0, 1, 2, 3] integer.each do | i | puts integer.join() end I want to print each element of an integer array. Thanks

A: This should work: integer = [0, 1, 2, 3] integer.each do |i| puts i end

Pages Sunday, March 31, 2012 Binge Watchability: The Sarah Connor Chronicles The movie meets its immediate, but disappointing, end. I wanted this book to actually be the best, to be all the things it has the potential to be, to grow into one of the best science fiction books I've ever read in my life. Unfortunately, it just quickly, and sometimes confusingly, gets to the point where it shows a pretty nice idea, has me thinking about the entire point of the book, and then just gives up on it. It takes a while for this book to really hit its stride, but as soon as it does, the pace slows and the development begins to seem rushed. It's like the authors were trying to make a different kind of book. If they had stuck with their original premise, which was that Sarah Connor was a mere machine, one that could give absolutely no thought to the lives of her friends, that was an attractive idea, and could be developed further by having her think her own thoughts, and by this point the authors are showing that she has flashes of insight and imagines just how her life might be going, but instead they just proceed without that. I'm not sure why it had to take so long to get to the point where she talks to her own daughter. I mean, she's holding the gun that tried to kill her in this last scene, but it was still a pretty weak ending. The best part
